

What Do Stylists Really Earn?

Can you really make money as a stylist?

Questions often asked by aspiring stylists is 'can I really make good money or is it just a side hustle?' It is an important question and something to think about as you embark on a career in the industry. And the truth is yes, you absolutely can make money as a stylist, but the amount you make is directly related to 3 things:

1. The effort you are willing to put in. There is no magic money tree. If you want to be successful and make money then you have to be willing to put in the time and effort. It takes commitment and tenacity and a willingness to stay focused even when it seems like its not working out.
2. Your willingness to learn. Being a stylist requires knowledge and simply showing up in a nice outfit is not going to bring in the big bucks. You will need to be willing to learn and listen thru training courses, reading articles, or watching videos. You need to listen to your mentors and clients and soak up everything to advance your skills and knowledge. Even when you have been in the business for quite some time, the learning does not stop. Trends and techniques change. Peoples needs and preferences change.
3. Your belief in yourself. Many great stylists fail because they did not believe in themselves. Believe you will be successful and the money will follow. Being successful is 80% mindset and 20% skill.

Our Great Clips

Great Clips salons are independently owned and each offer differing levels of training, mentoring, wages, and benefits. At our Great Clips, we have a training program that steps you thru mannequins and models and upon completion, you are assigned a training manager that you will work with every day until you are released to your 'home salon'. Your journey is just beginning because at your home salon is where you will begin to gain some experience and comfort with cutting techniques. You will develop friendships with your co-workers and the relationships will build with your clients. You will develop your customer service skills and learn the preferences and needs of each client.

Great Clips provides the clientele and your salon supplies. Your cutting equipment can be purchased thru our vendors and paid back slowly thru payroll deductions. We offer a full range of benefits including paid vacations and holidays, insurance, a matching 401k plan, and so much more. Our overall compensation package is rated at 5 stars because we have numerous earnings programs that boosts your total wages to a level you probably did not think was attainable.

We provide opportunities at Great Clips. It is an opportunity to grow, learn, and have a great deal of fun as you begin your career. You can make good money working as a stylist and you can do it at our Great Clips. We have many locations all over Central Ohio and we would love to have you join us.
